GAME RULES

MICBasketball is played with FIBA rules, except for the following issues:

1. AGE CONTROL

All the players must identify themselves with a federative license, passport or any official document with a photo and their correct age upon arriving to the hotel. This documentation must be brought to all the games and be available if the organization requires to revise it before the match.

2. GAME TIME

4x10 minutes with non-stop clock, except in the last minute of each quarter and extra periods where the clock will be stopped. During the three firsts quarters, the clock will stop if the game is interrupted by the referee, if there is a substitution or for free throws.

3. NUMBER OF PLAYERS

Each team must have between 5 and 12 players in each game. No game will start with less than 5.

4. SUBSTITUTIONS

All the players registered in the act must play during the game. There is not a minimum time in which they must play. If this rule is not followed by a team, it will result in a forfeit, maintaining the original score if the difference is higher than 20.

5. COURTS

The facilities are made of parquet or vinyl floor covering, and are all near Lloret de Mar.

6. BALLS

The organization will provide the game ball, and 2 balls per team for the warm-up. Brand NIKE and FIBA size.

7. NUMBER OF GAMES AND COMPETITION SYSTEM

All the teams registered will play between 4 and 6 games in MICBasketball, distributed as such:

- Group Phase. Distributed in groups with 4 teams, each team will play three games (league format).
- Final Phase. Depending on the standings in the Group Phase, the teams will be distributed in two levels: one for the championship (1st and 2nd of each group) and one for consolation (3rd and 4th).
- In all cases, knockouts will be played: the team will advance to the next round in case of win, if not he is out. Each team will play one game at least (three maximum).
